

TREATMENT SEQUENCE

ANTI-AGE CELL TREATMENT

	TREATMENT SEQUENCE	PRODUCTS	mL	EUR
	Cleansing Remove eye makeup, carry out skin-specific cleansing, and then tone the skin.		2 units	XX
			5	XX
			5	XX
	Peeling Apply Biodroga MD Skin Refining Peel with two brushes to dry skin and let take effect 5-10 minutes. Then peel with moist fingers. Remove with a moist compress or sponge. Alternatively, use Silky Enzyme Peeling Powder or AHA 10% Glycolic Peeling for an additional cost.		5 or 3 g	XX or XX
	Concentrate Apply ½ White Truffle Anti-Age Concentrate to the dry skin and gently work in. Optionally work with electric devices.		1 unit	XX
	Massage Apply Massage Crème to the face, neck, and décolletage and carry out the MASSAGE. Alternatively, you can use Biodroga Anti-Age Cell Night Cream instead of Massage Cream (at an additional cost). Remove any remaining product with a moist cloth.		5	XX
	Mask Apply the Anti-Age Cell Mask up to the lower lash line. After 15 minutes, remove the mask with a single movement using a damp tissue. Any remaining mask then melts when the final skincare product is applied, giving a long-lasting toning effect. Alternatively, you can apply White Truffle Sheet Mask at an additional cost.		10	XX
	Final skincare product Anti-Age Cell Formula Eye Care Anti-Age Cell Formula Day Care Sunscreen Biodroga MD 30 or 50 is available at an additional cost. We also have CC Creams, DD Creams and BB Creams .		1	XX
