

## Cream Sensitive Mask

**FORMULATION** Soft, supple, creamy texture

---

**SKIN TYPE / CUSTOMER REQUIREMENT** For very sensitive skin and skin prone to allergies. For a customer who wants a soothing, conditioning, and protective product to be used in her treatment.

---

**APPLICATION** After the massage, remove the residue of the massage product with a moist pad, apply the mask to the neck and décolletage, and leave it to work. Wait about 15 minutes and then remove with a warm, moist pad.

---

**INGREDIENTS** Bisabolol, D-panthenol and allantoin – soothe irritation and reddening and prevent inflammation and itching  
Avocadin and jojoba oil – smooth dry, flaky patches  
Hydroforte – binds moisture in the skin and stabilizes it

---
