

SPECIAL CARE

MASSAGE CREAM FOR THE FACE

FORMULATION	Smooth, creamy texture
SKIN TYPE / CUSTOMER REQUIREMENT	For all skin types and all customers who want to be pampered with a lovely creamy product during their massage, one that slides over them perfectly and contains effective ingredients.
APPLICATION	After applying a skin-type-specific ampoule, warm a hazelnut- to walnut-sized amount of massage cream, apply to the skin, and start the massage.
INGREDIENTS	<p>Jojoba oil – stabilizes the moisture in the skin and has an outstanding conditioning and protective effect</p> <p>Coconut oil – protects and conditions the skin</p> <p>Liquorice root extract – helps prevent inflammatory processes</p> <p>Allantoin – soothing, also encourages skin cell regeneration</p>
BENEFIT/ EFFECT	<ul style="list-style-type: none">• Conditions and protects the skin• Balances levels of fat and moisture in the skin• Reduces lines and wrinkles• Soothes minor irritation and reddening of the skin and supports skin cell regeneration• Easy and straightforward to use• Conditions the skin to make it soft and silky• Makes for a wonderful massage experience
