

This treatment, especially designed for sensitive skin, soothes, reduces redness, strengthens the skin's barrier function and makes the skin more resistant to external influences. The result is a visibly calmed and strengthened complexion.

## 1 RECOMMENDED AMPOULES

FOR SALON AND HOME USE

### PROFESSIONAL COLLECTION **SOS**

Soothing active ingredient concentrate. Has a regenerating effect and soothes irritation. Irritation and slight redness are reduced.

### PROFESSIONAL COLLECTION **Beauty Flash**

Active ingredient concentrate for smoother, more refined skin. Beauty Flash refines the pores and reduces redness. For a perfect complexion.

### PROFESSIONAL COLLECTION **Epigran**

A complex of active ingredients derived from wheat germ and wheat bran with an instant smoothing and firming effect.

## 2 RECOMMENDED SERIES

FOR HOME USE

### SENSICODE

Facial skincare for sensitive skin – with no compromises.

24h care creams for sensitive skin. They soothe and reduce redness, strengthens the barrier function for the long term, and maintains the natural balance of the skin's microbiome.

### ELEMENTS OF NATURE

Be naturally beautiful

This rich, nourishing cream with azulene and magnesium is specially designed to meet the needs of dry and sensitive skin and has a soothing, harmonising effect.

**“DE LUXE” PROFESSIONAL VARIANTE:** To improve the soothing effect of the treatment use the Aloe Vera Gel & Mask (Art. Nr. 40348) . The Revitalising Eye Pads (Art. Nr. 10285) intensively hydrate and smooth wrinkles and fine lines. They have a plumping effect and are even suitable for sensitive skin.
